

A World Of Hope . . .

Here At Home!

7/07 - 6/08

Family Tree, Inc.
Annual Report

Hope at Family Tree is seen in the eyes of the children we help each day. In honor of their strength in dealing with the issues of child abuse, domestic violence and homelessness, each handprint represents 299 children served at Family Tree during the 2007 - 2008 fiscal year.

The **MISSION** of Family Tree is to help people overcome child abuse, domestic violence and homelessness to become safe, strong and self-reliant.

The **VISION** of Family Tree is to be the best provider of life changing services that end child abuse, domestic violence and homelessness.

Family Tree **VALUES** commitment, integrity, accountability, diversity, collaboration and advocacy.

CHILDREN'S SERVICES

Family Tree serves children and adolescents who have been abused or neglected and are not safe in their homes and youth who are homeless on the streets or have run away from home. We serve youth who are at risk of being removed from their homes due to behavioral problems. We assist families at risk of child abuse or neglect in an effort to stabilize those families, and we help families who are caring for family members, not their own children, when parents are unable to do so. We also assist military families experiencing hardship.

DOMESTIC VIOLENCE SERVICES

Family Tree serves adult and child victims of domestic violence, sexual assault and stalking; families who have experienced the break-up of their homes through divorce or separation; and children who have witnessed family violence and/or have experienced sexual abuse in their homes.

HOMELESSNESS SERVICES

Family Tree serves adult individuals, youth and families who are homeless or are at risk of homelessness. We assist persons who have very low to no incomes and are working toward goals to increase their self-sufficiency.

DID YOU KNOW?

In the 2007 - 2008 fiscal year, Family Tree served 31,646 people.

LETTER FROM THE CEO AND BOARD CHAIR

When people who need help first make contact with Family Tree, they're instilled with an immediate sense of hope. Hope that their basic needs will be met. Hope that finding a safe place to live will become reality. Hope that abuse and violence will no longer be part of their lives. Hope that something will change, for the better.

Hope has been a common theme of late, and we would like to take this opportunity to share with you Family Tree's "World of Hope." Every day we provide a world of hope to each of the clients we serve, totaling 31,646 people last year -- people overcoming child abuse, domestic violence and homelessness. Whether clients receive information and referrals from one of our crisis hotlines workers or direct services from one of our shelter staff, case managers, parenting time specialists, therapists or from the employees at our thrift store, each client receives the kind of hope that only comes from genuine safety, strength and self-reliance.

Family Tree made our services available to a broader population this past year, allowing us to bring hope to even more clients. In partnership with the Adams County Social Services Department we started the Military Family Assistance Program and served 51 families. In addition, along with the Arapahoe County Department of Human Services the Kinship Family Stability Program served 104 families.

The hope and excitement of the past year has been due in large part to the strong collaboration of Family Tree's Board of Directors and employees, which jointly developed a new strategic plan that focuses on partnership, inclusiveness and community needs. Thanks to the support of the employees, Board of Directors, and volunteers, Family Tree will continue to provide a world of hope in the metro Denver community for many years to come.

Hope is one of the most important services we provide to help our clients make real changes in their lives. Often the challenge we encounter is to ensure those initial hopes are not dashed; we must continue to create lasting solutions so that there are a multitude of options, hence creating a World of Hope. This could not be accomplished without all of you, our funding partners and volunteers, for your generous contributions to help us help people overcome child abuse, domestic violence and homelessness. Without your kindness, understanding and collaboration, a World of Hope could not be achieved.

For safe families,

“This program made life better for the kids. They had been through a terrible time in their short lives, but the Adams County program put sunshine in their lives. Thank you very much for your show of love and compassion for my grandchildren, Anthony, Sarah and Nickolus.”
