Our Policy

Family Tree uses its best efforts to respect and protect the privacy of our online visitors and donors. We will not share your e-mail address with third parties.

Is Credit Card Information Secure?

We care about the safety and security of your transaction. When you send confidential personal credit card information to us via our website, a secure server fully-licensed software encrypts all information you input before it is sent to us. The information is scrambled en route and decoded once it reaches our website. Companies we work with to process your credit card transactions also use high grade encryption and security protocols.

We Care About Doing It Right

In addition to maintaining privacy and security controls over information you share with us, Family Tree works to accurately process your contribution information. During business hours, staff are available to answer questions about your financial donation by calling (303) 422-2133.

Family Tree employs error checking procedures to make sure that transactions are processed completely and accurately. As necessary, changes are made to improve our systems. And, independent external audits are conducted to ensure the privacy, security and appropriate processing of your information from our site.

Thank you for visiting our site. Please [contact us](#) should you have any questions about the operation of the site.
